PROJECTS

My Portfolio – Personal Developer Website

A professional portfolio website showcasing my projects, skills, and experience.

Built with reusable React components, smooth animations, and progress bars.

Features a fully responsive single-page layout optimized for recruiters and clients.

Technologies: React.js, CSS, Bootstrap, Vite

TaskFlow – Interactive To-Do Web App

A responsive task management web app with add, edit, and delete features.

Implements data persistence using LocalStorage and an intuitive, animated UI.

Demonstrates front-end logic and clean, responsive design.

Technologies: HTML, CSS, Bootstrap, JavaScript, jQuery

ShopEase – Responsive E-Commerce Website

A modern single-page e-commerce website featuring smooth animations and product showcases.

Includes dynamic sections, dark/light theme toggle, and engaging user interface.

Focused on performance, responsiveness, and user experience.

Technologies: HTML, CSS, Bootstrap, JavaScript, jQuery
